B. Removal of Mercury-Added Components Before Processing

1. Did you receive any **uncrushed** vehicles at your business during the year covered by the certification?

☐ Yes

☐ No – Skip to Section C

2. If you answered YES to Question 1, did you remove or confirm that ALL required mercury-added components* were removed before the vehicles were crushed or processed during the year covered by the certification? [310 CMR 74.04 (1) and (2)]

☐ Yes

☐ No – Submit Return to Compliance Plan

*Note: Required components include mercury-added vehicle switches and mercury high intensity discharge (HID) headlamps. Components that do not need to be removed are (1) those that are inaccessible due to significant damage in the area that contained the switch and (2) mercury-added lamps used to backlight the dashboard or electronics.

C. Certifications of Mercury-Added Vehicle Switch Removal

1. Did you receive written certifications that all mercury-added vehicle switches were removed with every shipment of crushed, partially crushed, flattened or baled vehicle bodies during the year covered by the certification? [310 CMR 74.04(3)]

☐ Yes

☐ No – Submit Return to Compliance Plan

D. Management of Mercury-Added Components

1. Were all containers used to store mercury-added switches and other mercury-added components that were removed from vehicles labeled in one of the following ways? [310 CMR 30.1034(4)(d)]

- Universal Waste: Mercury-Containing Devices
- Waste Mercury-Containing Devices
- Used Mercury-Containing Devices

☐ Yes

☐ No – Submit Return to Compliance Plan

2. Did you mark the date you started to store mercury-added switches and other mercury-added components on each container used? [310 CMR 30.1034(6)(c)]

☐ Yes

☐ No – Submit Return to Compliance Plan

3. Once you started collecting mercury-added switches or other mercury-added components in a container, did you ship the container off-site within one year of the date on which you started storing the items during the year covered by the certification? [310 CMR 30.1034(6)(b)]

☐ Yes – Skip to Question 5

☐ No – Submit Return to Compliance Plan
(Unless you were waiting until you had one full container)

4. Did you send your container(s) of removed mercury-added switches or other mercury-added components to a facility licensed to handle mercury during the year covered by the certification? [310 CMR 30.1037(1)]

☐ Yes, I sent my container(s) of mercury-added switches to EQ Industrial Services under the End of Life Vehicle Solutions (ELVS) program.

Note: ELVS is the national vehicle switch recovery program funded by vehicle manufacturers, which has contracted with EQ Industrial Services, a hazardous waste management firm, for management of the returned switches.

☐ Yes, I sent my container(s) to the licensed hazardous waste or recycling firm identified below.

Company Name

D. Management of Mercury-Added Components (continued)

6. Was any mercury released at your facility (e.g., from a broken switch) during the period covered by this certification?
- ☐ Yes ☐ No – Skip to Question 8
7. If you answered YES to Question 6, did you manage these components in accordance with all applicable requirements of Massachusetts hazardous waste regulations? [310 CMR 30.1034(4)(c)]
- ☐ Yes ☐ No – Submit Return to Compliance Plan
8. Did you inform all of your employees who handle mercury-added components of proper handling and emergency procedures? [310 CMR 30.1035]

Note: For requirements, see fact sheet at:

<http://www.mass.gov/dep/recycle/hazardous/autobiz.htm#mercury>

☐ Yes

☐ No – Submit Return to Compliance Plan

G. Records Retention

1. Does your business keep records supporting this certification, as required, for at least five (5) years or since the beginning of your first certification year (whichever is shorter)? [310 CMR 74.08]
- ☐ Yes ☐ No – Submit Return to Compliance Plan
2. Indicate which records you are keeping (check ALL that apply).
- ☐ Records of shipments of mercury-added switches
- ☐ Printout(s) from EQ Industrial Services with your business' specific switch count
- ☐ At least one written certification from each vehicle recycler who delivers crushed vehicles to you that all mercury-added switches have been removed.
- ☐ Other – Describe: _____

Description

H. Releases of Oil or Hazardous Materials

1. Did you have any reportable releases of oil or hazardous materials at this business, during the year covered by this certification?
- ☐ Yes ☐ No
2. If you answered YES to Question 1, list the date(s) of any incident(s).
